

MARINE AGENCY/ ON-SHORE SUPPORT SERVICES

- Port of call management services whilst acting as ship's agent, the marine operation provides port, cargo and general protective agent's services designed to suit the most exacting needs of each client.
- Ship and cargo handling services at both public and private facilities are offered as well as services such as bunkering, bonded stores, fresh water, crew change and a host of other.
- Most active in assisting companies in the offshore construction, fabrication and drilling sectors, we also specialize in handling submersible, heavy-lift, tug, barges, and tramp / liners vessels.
- As a part of our ongoing commitment to provide the highest standard of marine service, we continually seek to offer total transparency, streamlined operating procedures and thus tighter financial control.
